A very flashy filly with plenty of chrome, excellent bone, and a quiet, sensible temperament. She is strong, correct, and athletic, with the build and mindset that suits Cutting and Cow Horse programs. Well handled with all the basics in place, she ties up, leads, loads on the float, and has her feet trimmed regularly, making her an easy and uncomplicated young prospect. She is by the imported Black High Brow Cat son Ace of Spadez, producing athletic, cow-smart progeny with strength, stop, and trainability. Her dam, Boobook Cuttin Sugar, has been highly successful in Youth, Amateur, and Non-Pro Cutting, and was also an exceptional halter mare, earning multiple Supreme Champion titles. As a producer, she continues to prove herself, with offspring competing at a high level, including a progeny that contested the Snaffle Bit Futurity at Tamworth. With proven cow horse genetics on both sides, strong conformation, and a sensible nature, this filly shapes as a genuine Cutting or Cow Horse prospect.
