Rooster is a flashy, eye-catching gelding with the breeding and brain to match. He is an intelligent, highly trainable young horse with the versatility to excel as a cowhorse performance prospect. He is by US stallion Sannman, a proven cutting stallion by Metallic Cat and out of the legendary producer The Smart Look, one of the most influential broodmares in cutting history. Sannman earned approximately \$200,000 in the cutting pen and is now a highly respected sire, producing elite performers across cutting, cow horse, roping and campdraft, including NCHA World Champions and major event winners. His dam, Sophisticated Hick, is an outstanding all-round performance mare with accolades including AQHA National Champion, multiple High Point titles in Reining and Ranch Riding along with an array of wins and placings in Australian Reined Cow Horse Association competition. With proven performance genetics on both sides and the mind to suit a wide range of riders, Rooster offers endless opportunity as a serious, versatile western performance prospect.
